

PRESS RELEASE FOR IMMEDIATE USE

Add your photo to Dundee's Covid Memorial project – Remembering Together.

The designers behind co-creating Dundee's Covid Memorial are looking for your photos.

Do you have a photo which represents your experience during the Covid pandemic? Can you describe the lockdown and the peak of the Covid pandemic in one picture?

Designers Ana & Vinishree are asking people across Dundee to share one picture that represents their experience during covid. It could be an image that reminds them of something or could be about the people, places or activities that were important during those times.

The photos will be used as part of the development of Dundee's Covid Memorial and will help to get a collective understanding of what symbolises people's experiences in Dundee during Covid.

The impact of Covid 19 on our lives has been significant. For many people the lockdown experience and being away from friends and family have made them value their relationships; for others, the pandemic was a challenging time that led them to reconstruct their lives. Since then, we have changed, and we have learned. We would like to know your Covid story.

To share your photo with us either post on social media and tag @designdundee or use #rememberingDundee or you can email it direct to hello@around-zero.com

Your photo will be part of a public showcase and contribute to the research and design of the Dundee Covid Community Memorial.

This activity is part of **Remembering Together**, a national project led by Greenspace Scotland where community memorials will be co-created across Scotland to honour the people we have lost, mark what has changed in our lives and preserve the best of what we have learned together during the Covid pandemic.

FOR MORE INFO

We kicked off this campaign with a closed group of participants who have been involved in the process of co-design of the Dundee Covid community memorial.

From streets littered with masks to cooking explorations, home fitness activities, and more, each image holds a myriad of memories, and personal stories and is worth a thousand words.

The outcome of this campaign will become part of a larger public showcase and contribute to the research and design of the Dundee Covid Community Memorial.

Visit asset bank [here](#)

Attached are a few pictures that these people have started sharing with us, which you can use. They include photos of empty shelves at the supermarket, to enjoying the outdoors. The following photos have been provided:

1. Making Pasta At Home from Alessandra
2. Empty Shelves in the Supermarket from Sahdia
3. Fitness from Ana
4. Sunshine in Lockdown from Annie

Designers Ana Guerro and Vinishree Verma are available to talk about the project and provide more information on what the photos will be used for and how they will contribute to the Covid Memorial.

Please email hello@around-zero.com for enquiries.

ABOUT REMEMBERING TOGETHER

This activity is part of the programme **Remembering Together**, a national project where community memorials will be co-created across Scotland to honour the people we have lost, mark what has changed in our lives and preserve the best of what we have learned together during the Covid pandemic.

Dundee's contribution is being delivered by designers Ana Guerrero & Vinishree of design studio Around Zero. It is led by UNESCO City of Design Dundee with support from local partners, including Dundee City Council, Faith in the Community, Funeral Link, Leisure and Culture Dundee, and V&A Dundee. This national project is managed by Greenspace Scotland with funding from the Scottish Government. For more information on this programme, please visit:
